

School Accountability Report Card Reported for School Year 2008-09 Published During 2009-10

Executive Summary School Accountability Report Card, 2008-09

Westfield Village Elementary School

Address: 508 Poplar St. , West Sacramento CA 95691-2555

Phone: 916-375-7720

Principal: LaReisha Johnson

Grade Span: K - 5

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of school accountability. The data presented in this report are reported for the 2008-09 school year, except the School Finances and School Completion data that are reported for the 2007-08 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

The Westfield Village School learning community will work collaboratively to deliver a focused, research and standards based program to educate and develop empowered, motivated, responsible and respectful learners who master grade level standards.

Our school has long served the Washington Unified School District. The school was originally built in 1955, and has since expanded to include (in addition to the classroom), a library/media center, a Healthy Start Resource Center and rooms for language, math and reading specialists/coaches.

In contrast to the challenges we face, we have many strengths that support our efforts. One of our most important strengths is our diversity. We celebrate the many cultures and languages which make up the Westfield Village student population. We feel that students at our school are part of a very unique educational experience as they interact with others who are so different yet so much alike. Teachers use the unique characteristics of each student to enrich their curriculum and the cultures of our students.

Student Enrollment

Group	Percent
African American	5.83 %
American Indian or Alaska Native	2.04 %
Asian	9.33 %

Filipino	%
Hispanic or Latino	65.89 %

School Accountability Report Card Reported for School Year 2008-09 Published During 2009-10

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) [SARC](#) Web page. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE [DataQuest](#) Web page that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

II. About This School

Contact Information (School Year 2009-10)

This section provides the schools contact information.

School Description and Mission Statement (School Year 2008-09)

School Description and Mission Statement (School Year 2008-09)

Our mission is to improve the academic performance of all students in order to prepare them for their future. Working hand-in-hand, in the spirit of cooperation between the school, parents, students and community, we will provide a safe and happy environment in which students can excel.

Opportunities for Parental Involvement (School Year 2008-09)

Opportunities for Parental Involvement (School Year 2008-09)

Our staff feels strongly that parents play a critical role in the education of their children. We strongly encourage parents to play an active role in the school. We welcome your input, and seek your involvement in the decision-making process. We are striving to continue to offer a wide variety of opportunities for parent involvement to meet the very different needs of Westfield Village families.

Student Enrollment by Grade Level (School Year 2008-09)

This table displays the number of students enrolled in each grade level at the school.

Grade Level	Number of Students
Kindergarten	78
Grade 1	71
Grade 2	57
Grade 3	43
Grade 4	34
Grade 5	56
Grade 6	2
Grade 7	2
Grade 8	0
Ungraded Elementary	0
Grade 9	0
Grade 10	0
Grade 11	0
Grade 12	0
Ungraded Secondary	0
Total Enrollment	343

Student Enrollment by Group (School Year 2008-09)

This table displays the percent of students enrolled at the school who are identified as being in a particular group.

Group	Percent of Total Enrollment
African American	5.83 %
American Indian or Alaska Native	2.04 %
Asian	9.33 %
Filipino	%
Hispanic or Latino	65.89 %
Pacific Islander	%
White (not Hispanic)	16.03 %
Multiple or No Response	0.87 %
Socioeconomically Disadvantaged	91.00 %
English Learners	49.00 %
Students with Disabilities	15.00 %

Average Class Size and Class Size Distribution (Elementary)

This table displays by grade level the average class size and the number of classrooms that fall into each size category (a range of total students per classroom).

Grade Level	2006-07				2007-08				2008-09			
	Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms		
		1-20	21-32	33+		1-20	21-32	33+		1-20	21-32	33+
K	19.3	4			19.8	4			18.5	4		
1	20.0	1	1		18.5	2			17.3	4

III. School Climate

School Safety Plan (School Year 2008-09)

This section provides information about the school's comprehensive safety plan.

To ensure student and staff safety, we review and update our school safety plan with the staff yearly.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09
Suspensions	10.0	2.0	6.1	27.9	23.2	17.3
Expulsions	0.0	0.0	0.0	0.5	0.2	0.3

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2009-10)

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

The site is in overall good condition. The school underwent a Williams Act inspection in September 2009, which was conducted by the Yolo County Office of Education. No discrepancies were found during the inspection.

School Facility Good Repair Status (School Year 2009-10)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

System Inspected	Repair Status				Repair Needed and Action Taken or Planned
	Exemplary	Good	Fair	Poor	
Systems: Gas Leaks, Mechanical/HVAC, Sewer	N/A	X			
Interior: Interior Surfaces	N/A	X			
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation	N/A	X			
Electrical: Electrical	N/A	X			

Restrooms/Fountains: Restrooms, Sinks/ Fountains	N/A	X			
Safety: Fire Safety, Hazardous Materials	N/A	X			
Structural: Structural Damage, Roofs	N/A	X			
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	N/A	X			
Overall Rating	Good			N/A	

V. Teachers

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the CDE [DataQuest](#) Web page.

Teachers	School			District
	2006-07	2007-08	2008-09	2008-09
With Full Credential	26	22	22	343
Without Full Credential	0	1	2	22
Teaching Outside Subject Area of Competence	0	0	0	N/A

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Indicator	2007-08	2008-09	2009-10
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2008-09)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student

participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE [Improving Teacher and Principal Quality](#) Web page.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by NCLB Compliant Teachers	Taught by Non-NCLB Compliant Teachers
This School	89.5	10.5
All Schools in District	90.5	9.5
High-Poverty Schools in District	88.9	11.1
Low-Poverty Schools in District		

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2008-09)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor		
Library Media Teacher (Librarian)		N/A
Psychologist	.5	N/A
Social Worker		N/A
Nurse	.25	N/A
Speech/Language/Hearing Specialist	.5	N/A
Resource Specialist (non-teaching)	.5	N/A
Other		

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2009-10)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school’s use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Core Curriculum Area	Quality, Currency, and Availability of Textbooks and Instructional Materials	Percent of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials
Reading/Language Arts	Every student in K-5 th grades uses Open Court published by Holt.	0%
Mathematics	The core program uses the 2009 edition of California Math published by Houghton Mifflin	0%
Science	K-5 uses 2007 edition of Scott Foresman “Science.	0%
History-Social Science	K-5 uses Harcourt Brace “Reflections”.	0%
Foreign Language	N/A	0%
Health	The health curriculum is included as part of science and is taught using teacher and district created materials.	0%
Visual and Performing Arts	N/A	0%
Science Laboratory Equipment (grades 9-12)	N/A	0%

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2007-08)

This table displays a comparison of the school’s per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found on the CDE [Current Expense of Education & Per-pupil Spending](#) Web page and teacher salaries can be found on the CDE [Certificated Salaries & Benefits](#) Web page.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental / Restricted)	Expenditures Per Pupil (Basic / Unrestricted)	Average Teacher Salary
School Site	\$6,641	\$2,358	\$4,283	
District	\$8,447	\$3,432	\$5,015	\$55,251
Percent Difference – School Site and	79%	69%	85%	

District				
State	N/A	N/A	\$5,512	\$64,246
Percent Difference – School Site and State	N/A	N/A		

Types of Services Funded (Fiscal Year 2008-09)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

Our goal is to integrate services for students so that all of them (average, underachieving, limited English proficient, gifted and talented, and exceptional) receive a coordinated curriculum, which focuses on thinking and meaning-centered tasks. We coordinate our programs through the School Based Coordinated Program and the Title 1 school-wide project. Student support services include a Student Study Team. Teachers refer students to the team for assessment of learning, health, behavioral and attendance problems. The team, composed of the Principal, Youth Outreach specialist teachers and specialists, identifies alternative strategies and programs to meet the needs of each child.

A variety of community agencies offer services at Westfield. These include dental health services and Child Protective Services and services for families affected by alcohol and /or drug abuse.

Many extra curricular activities are available for the students and parents of Westfield Village Elementary School. These include: After School Intervention tutoring, Kid Zone after school program, awards assemblies, School Site Council, and English Learner Advisory Committee

Teacher and Administrative Salaries (Fiscal Year 2007-08)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size based on the salary schedule. Detailed information regarding salaries may be found on the CDE [Certificated Salaries & Benefits](#) Web page.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$35,000	\$40,917
Mid-Range Teacher Salary	\$57,275	\$64,688
Highest Teacher Salary	\$77,146	\$82,849
Average Principal Salary (Elementary)	\$90,736	\$102,130
Average Principal Salary (Middle)	\$95,586	\$108,050
Average Principal Salary (High)	\$105,131	\$117,805
Superintendent Salary	\$157,595	\$176,845
Percent of Budget for Teacher Salaries	37.60 %	40.30 %
Percent of Budget for Administrative Salaries	5.60 %	5.90 %

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics, and science in grades two through eleven, and for science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA and mathematics for grades three through eight and science in grade five and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE [Standardized Testing and Reporting \(STAR\) Results](#) Web site. Program information regarding the STAR Program can be found in the [Explaining 2008 STAR Program Summary Results to the Public guide](#). Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Standardized Testing and Reporting Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09
English-Language Arts	17	24	22	36	39	42	43	46	50
Mathematics	36	45	32	39	39	37	40	43	46
Science	11	11	24	27	34	39	38	46	50
History-Social Science	0	0	0	23	26	32	33	36	41

Note: Scores are not shown when the number of students tested is 10 or less because the number of students

in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Standardized Testing and Reporting Results by Student Group (School Year 2008-09)

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History-Social Science
African American	15	25	*	
American Indian or Alaska Native	*	*		
Asian	40	60	*	
Filipino				
Hispanic or Latino	20	28	23	
Pacific Islander				
White (not Hispanic)	25	38	*	
Male	17	28	30	
Female	27	35	19	
Economically Disadvantaged	20	32	26	
English Learners	10	23	7	
Students with Disabilities	7	14	*	
Students Receiving Migrant Education Services				

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California Physical Fitness Test Results (School Year 2008-09)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school’s test results to the district and state levels, may be found on the CDE [Physical Fitness Testing \(PFT\)](#) Web page. Note: Scores are not shown when the number of students tested is ten or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score

be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Grade Level	Percent of Students Meeting Healthy Fitness Zones		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	13.5	30.8	9.6
7			
9			

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found on the CDE [Academic Performance Index \(API\)](#) Web page.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school’s statewide and similar schools API ranks. The statewide API rank ranges from one to ten. A statewide rank of one means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of ten means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched “similar schools.” A similar schools rank of one means that the school’s academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of ten means that the school’s academic performance is better than at least 90 of the 100 similar schools.

API Rank	2006	2007	2008
Statewide	1	1	1
Similar Schools	2	1	2

"N/A" means a number is not applicable or not available due to missing data.

"B" means this is either an LEA or an Alternative Schools Accountability Model (ASAM) school. Schools participating in the ASAM do not currently receive growth, target information, or statewide or similar schools rankings on this report in recognition of their markedly different educational missions and populations served. ASAM schools are covered under the Alternative Accountability system as required by Education Code Section 52052 and not the API accountability system. However, API information is needed to comply with the federal No Child Left Behind (NCLB) law. Growth, target and rank information are not applicable to LEAs.

"C" means this is a special education school. Statewide and similar schools ranks are not applicable to special education schools.

" * " means this API is calculated for a small school or a small LEA, defined as having between 11 and 99

valid STAR Program test scores included in the API. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted. Similar schools ranks are not calculated for small schools.

Academic Performance Index Growth by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			Growth API Score
	2006-07	2007-08	2008-09	2009
All Students at the School	4	37	-29	640
African American				
American Indian or Alaska Native				
Asian				
Filipino				
Hispanic or Latino	16	43	-36	642
Pacific Islander				
White (not Hispanic)				
Socioeconomically Disadvantaged	-1	41	-32	634
English Learners	18	67	-33	661
Students with Disabilities				

"N/A" means a number is not applicable or not available due to missing data.

"*" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2008 or 2009. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state’s standards-based assessments in ELA and mathematics
- Percent proficient on the state’s standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found on the CDE [Adequate Yearly Progress \(AYP\) Web page](#).

Adequate Yearly Progress Overall and by Criteria (School Year 2008-09)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	No	No
Percent Proficient - Mathematics	No	No
API	No	Yes
Graduation Rate	N/A	Yes

"Yes" Met 2009 AYP Criteria

"No" Did not Meet 2009 AYP Criteria

Federal Intervention Program (School Year 2009-10)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found on the CDE [Adequate Yearly Progress \(AYP\) Web page](#).

Indicator	School	District
Program Improvement Status	In PI	In PI
First Year of Program Improvement	1999-2000	2007-2008

Year in Program Improvement	Year 5	Year 3
Number of Schools Currently in Program Improvement	N/A	6
Percent of Schools Currently in Program Improvement	N/A	50.0

XI. School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the [General Admissions Information](#) Web page (Outside Source).

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the [Undergraduate Admission & Requirements](#) Web page (Outside Source).

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout and graduation rates for the most recent three-year period for which data are available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the CDE [DataQuest](#) Web page.

Indicator	School			District			State		
	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08
Dropout Rate (1-year)							3.5	4.4	3.9
Graduation Rate							83.4	80.6	80.2

Completion of High School Graduation Requirements

Students in California public schools must pass both the ELA and mathematics portions of the CAHSEE to receive a high school diploma. For students who began the 2008-09 school year in grade twelve this table displays by student group the percent who met all state and local graduation requirements for grade twelve completion.

Group	Graduating Class of 2009		
	School	District	State
All Students	N/A	N/A	N/A
African American	N/A	N/A	N/A
American Indian or Alaska Native	N/A	N/A	N/A
Asian	N/A	N/A	N/A
Filipino	N/A	N/A	N/A
Hispanic or Latino	N/A	N/A	N/A
Pacific Islander	N/A	N/A	N/A
White (not Hispanic)	N/A	N/A	N/A
Socioeconomically Disadvantaged	N/A	N/A	N/A
English Learners	N/A	N/A	N/A
Students with Disabilities	N/A	N/A	N/A

Career Technical Education Programs (School Year 2008-09)

This section provides information about the degree to which pupils are prepared to enter the workforce, including a list of career technical education (CTE) programs offered at the school.

N/A

Career Technical Education Participation (School Year 2008-09)

This table displays information about participation in the school's CTE programs.

Measure	CTE Program Participation
Number of the school's pupils participating in CTE	N/A
Percent of the school's pupils completing a CTE program and earning a high school diploma	N/A
Percent of school's CTE courses sequenced or articulated between the school and institutions of postsecondary education	N/A

**Courses for University of California and/or California State University Admission
(School Year 2007-08)**

This table displays, for the most recent year, two measures related to the school’s courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment in, and completion, of courses required for UC/CSU admission can be found on the CDE [DataQuest](#) Web page.

UC/CSU Course Measure	Percent
Students Enrolled in Courses Required for UC/CSU Admission	n/a
Graduates Who Completed All Courses Required for UC/CSU Admission	n/a

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Destination Math (3rd-8th Grade) – Teachers learn how to implement Destination Math software in their classrooms, how to differentiate instruction for students, and manage the process of assigning students practice opportunities.

Culturally Responsive Teacher (K-12th) – This book study looks at using culturally responsive teaching to improve the school performance of underachieving students of color. Key components of culturally responsive teaching discussed included teacher caring, teacher attitudes and expectations, formal and informal multicultural curriculum, culturally informed classroom discourse, and cultural congruity in teaching and learning strategies. This is an excellent resource for anyone who cares about improving and recognizing the factors that shape culturally responsive teaching and learning.

Framework for Understanding Poverty (K-12th) – People in poverty face challenges virtually unknown to those in middle class or wealth – challenges from both obvious and hidden sources. The reality of being poor brings out a survival mentality, and turns attention away from opportunities taken for granted by everyone else. Discussions are held regarding real-world support and guidance to improve your effectiveness in working with people from socioeconomic backgrounds.

OCR – Ongoing professional development regarding implementation of the core reading language arts adopted program which include the following sessions:

- Working with English Learners
- Universal Access and Workshop
- Comprehension Strategies
- Asking Questions
- Inquiry

Skillful Teacher (K-12th) – Teachers look at how a teacher’s skill makes a difference in student

performance, not only in achievement scores, but also in students' sense of fulfillment in school and their feelings of well-being. Teachers study a blend of research and practitioner-developed approaches for using the research in the classroom and strategies to help teachers fulfill a particular kind of mission from the spiritual imperative of communicating high expectations to the abstract challenge of planning lessons.

Data Director (K-12) – Teachers learn how to use Data Director Software to enter and retrieve assessment data for individual students, classes and schools. This professional development helps teachers use the provided data to make instructional decisions.

ABI (K-12) – Teachers learn how to optimize the Aeries Browser Interface program for grading, tracking assignments and communicating with parents.

Fred Jones Tools for Teaching (K-12th) – Classroom Management professional development 4 part series. In *Tools for Teaching* training, teachers learn skills by which exceptional teachers make the classroom a place of success and enjoyment for both themselves and their students. *Tools for Teaching* integrates the management of discipline, instruction and motivation into a system that allows you to reduce the stress of teaching by preventing most management headaches.

Read 180 (4th-5th) – Training for implementation of Read 180 Intervention Curriculum.

Monthly District Collaboration – Teachers determine critical student learning challenges at their grade level or subject area and facilitators guide conversations to focusing on challenges that are within the teacher's control and solutions that could occur in the regular classroom during regular school time. Groups select problems that resonated with many teachers and explore potential solutions. Between meetings, teachers implement the potential solutions. When they get together again, they shared results and identify promising best practices.

XIII. National Assessment of Educational Progress

National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities and English language learners is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the [National Assessment of Educational Progress](#) Web page (Outside Source).

Note: Only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects state test results and is not reflective of either the LEA or the individual school. Comparisons of student performance on the NAEP and student performance on the Standardized Testing and Reporting (STAR) Program

assessments cannot be made without an understanding of the key differences between the two assessment programs. For example, the NAEP only assesses grades four, eight and twelve and for long-term trends assesses grades nine, thirteen, and seventeen. Additionally, the NAEP only provides state test results for grades four and eight. The California Standards Tests (CSTs) are based on a different set of standards than the NAEP assessments. For example, the NAEP is not aligned with California academic content and achievement standards and, therefore, does not necessarily reflect the curriculum and instruction to which students are exposed in the classroom. The NAEP assesses reading and writing separately, while the CSTs assess English-language arts (ELA), encompassing reading as well as writing conventions, spelling, and grammar. Scores on the CSTs and other assessments are not directly comparable to those on NAEP. The averages and percentages presented are estimates based on samples of students rather than on entire populations. Finally, the questions students respond to are only a sample of the knowledge and skills covered by the NAEP frameworks. Information on the differences between NAEP and CST can be found on the CDE [National Assessment of Educational Progress \(NAEP\)](#) Web page.

National Assessment of Educational Progress Reading and Mathematics Results by Grade Level – Aggregated

This table displays the scale scores and achievement levels on the National Assessment of Educational Progress Results for reading (2007) and mathematics (2009) for grades four and eight

Subject and Grade Level	Average Scale Score		State Percent at Achievement Level		
	State	National	Basic	Proficient	Advanced
Reading 2007, Grade 4	209	220	30	18	5
Reading 2007, Grade 8	251	261	41	20	2
Mathematics 2009, Grade 4	232	239	41	25	5
Mathematics 2009, Grade 8	270	282	36	18	5

National Assessment of Educational Progress Reading and Mathematics Results for Students with Disabilities and/or English Language Learners by Grade Level – Aggregated

This table displays the state and national participation rates on the National Assessment of Educational Progress for reading (2007) and mathematics (2009) for students with disabilities and/or English language learners for grades four and eight.

Subject and Grade Level	State Participation Rate		National Participation Rate	
	Students With Disabilities	English Language Learners	Students With Disabilities	English Language Learners
Reading 2007, Grade 4	74	93	65	80

Reading 2007, Grade 8	78	92	66	77
Mathematics 2009, Grade 4	79	96	84	94
Mathematics 2009, Grade 8	85	96	78	92
